## Destination Release: Questions & Answers

**Q: Does CCNI offer destination Release BL's?**

**A:** Yes, shippers should inform on their shipping instructions that Destination Release is requested.

**Q: What if I don't mention where I would like my bills of lading released?**

**A:** The Bills of Lading will default to a Local Release.

**Q: Can I change the place of Release after the Bill of Lading is created?**

**A:** Yes. Prior to the manifest being transmitted to destination, the place of Release should be informed to the local Documentation staff who will re-issue the Bill of Lading reflecting the requested Destination location. If the manifest has already be transmitted to destination an email will be sent to destination to advise of change.

**Q: Are there any restrictions to Destination Release?**

**A:** Yes, unless there is Approved Credit established, all Prepaid charges will need to be settled prior to Release or changing the Release Destination.

**Q: Who do I contact if I need to request Destination Release?**

**A:** Contact the local Documentation staff member that provided the proof copy. If you do not know who that is, send an email to [ruby.stovall@ccni-line.com](mailto:ruby.stovall@ccni-line.com) and/or [georgette.osle@ccni-line.com](mailto:georgette.osle@ccni-line.com) .

**Q: How do I know if my Bill of Lading was setup as a Destination Release?**

**A:** In the "Originals to be Released at" box on the Bill of Lading it will indicate the Release location. If the box is blank, the Bill of Lading is defaulted to a Local Release.

**Q: Will I receive advisement once my Bill of Lading is released?**

**A:** No, unless otherwise requested. A Bill of Lading that has been preset and transmitted to destination as a "Destination Release" will automatically be handled in this manner accordingly.

**Q: When is the manifest data transmitted to destination?**

**A:** Manifest data is transmitted according to destination deadlines.
